INTERVIEW OF VICTIM:

SHAWNEE-LEA SANDERS
WFA, 28 years, DOB: 9-7-59
1919 Yucca Mesa
Landers, CA 92284

This interview was conducted at the High Desert Medical Center, 6601 White Feather Road, Joshua Tree, CA 92252, on 2-4-88, at approximately 1515 hours and terminated at approximately 1800 hours, same date. This information was tape-recorded and this is a synopsis of that taped interview.

SHAWNEE said she was in her bed, lying on her back watching cartoons. She stated she had her robe on and GREG, her husband, walked in the bedroom; LARRY had been sitting on the left side of the bed, she was on the right side of the bed. LARRY had one leg on the bed and the other leg was draped over the side of the bed, his back was up against the headboard. SHAWNEE said that GREG, her husband, walked in the bedroom through the bathroom way. He then pulled a gun from his waistband and pointed the piece at her boyfriend, STYMIE, of eight months (LARRY STEINBRING). She said at the time she jumped up and went towards GREG, who was holding the gun. Thinking that this was some sort of bluff, she grabbed at the gun and then heard the gun go

off and she felt pain in her stomach. She said at this time, she did not know where LARRY was at, but she heard him pleading with GREG, saying "No GREG no. GREG don't." She said as he shot her the first time, she let go of the gun and he then shot her again. During this time, she tried to make her way out of the room and GREG seemed to be following her. She said that GREG kept screaming, "You're dying, you're dying as he was firing off the gun at STYMIE."

I asked her what the gun looked like that GREG had pointed at her, and she told me that it was brown and it was a six-piece. At this time, I was not sure what type of gun this was and I asked her to look at my revolver. At this time, she said she was not sure if this was the same type of gun or not.

SHAWNEE told me that GREG was supposed to have gone to the Welfare Department that morning. When she awakened that morning, she was in bed and LARRY was already dressed and had brought in a cup of coffee for her. She said that she noticed GREG's car pull up in the front yard having seen a reflection of his car through her window. She said she then made the comment to LARRY that he must have gotten an appointment rather quickly. She told me that she later found out through ALEX that they never went to the Welfare Department but had gone to McDonald's and had breakfast.

I again asked her what had happened to LARRY during this incident and she told me that all she knew is that she tried to grab the gun away from GREG, and as she did this she got hit in the stomach. She then said that GREG was following her out of the room. She stated that as she was leaving the room, GREG was yelling at LARRY to shut up and she kept hearing the gun go off. She estimated that GREG was about three feet away when she got hit in the stomach. She said that she kind of got kicked back from the shot and landed in the middle of the bed. She said she got up and went out of the room screaming for her mom, telling her to get the kid out of the house. She said that she didn't know where ALEX was and she didn't want GREG going berserk and killing his own son.

INTERVIEW:

(SANDERS, SHAWNEE) (Continued)

She said the next thing she knew, she collapsed on the floor in the next room and her mom had someone cover her up. She thought at the time that it might have been BELVEDERE.

SHAWNEE told me that she married GREG in September, 1986, and left him in May of 1987. I asked her why they became separated, and she told me that there were a lot of reasons, no communication, and she would always catch him lying.

She was asked if she ever purchased him any gifts while they were married. She said yes, that she purchased him a saw, a jigsaw, and a battery charger, and other things like that. I asked her if she had ever purchased him any type of plastic tub animals, and she told me she cannot remember ever giving him anything like that. I asked her specifically if she had ever given him a rubber duck, and she told me no. I told her that GREG had explained that he spent a lot of time in the bathtub and he said that you (SHAWNEE) had purchased him a duck so it would remind him not to spend so much time in the tub. She said that he did use to spend a lot of time to calm himself down, but she never purchased him that duck. She said it may have been one of his other wives, KATHY or SYLVIA, who may have bought him something like that.

She said that KATHY CLEMINS, GREG's ex-wife, was crazy and at one time tried to shoot ALEX in a hostage situation. GREG told her that she ended up in jail at the time that they were splitting up.

I asked SHAWNEE why GREG came out to stay at her place, and she told me that he had a fight with his mother, GRACE, back in Tennessee and she also heard that authorities were after him for child abuse. She also told me that approximately three months ago, in October, she started getting letters from GREG. In these letters, he indicated that he wanted to get back together with her. She said that she sent him a cassette tape and told him her feelings, telling him that he never did listen to her and that there was no communication. She said the next thing she knew, she got a telephone call from him and he told

her that he was looking for her property which had been stolen in a burglary. He also told her he located some items in Phoenix, and he is probably going to have to hurt somebody over it.

She told me that in September, 1986, her house had been burglarized and at that time she suspected everyone she knew of having committed the burglary. She said after a while, she suspected GREG because approximately three months later, she found out someone had gotten into her bank account. When she had asked GREG to go to the bank to straighten things out and give them his signature, he wouldn't do it and he copped out to having broken into the account and removing the money himself.

SHAWNEE said that she also found out that GREG had two storage rooms where he was keeping property and she could not understand why he had these two rooms, and he would only let her go into one of the rooms. She also advised that during the police investigation, the officers found no forced entry on her house and GREG had been telling her, swearing up and down, that someone had forced their way into the house. She said that the burglary had occurred while she was in custody for disorderly conduct. This had occurred over her birthday.

SHAWNEE told me that she found out that GREG was coming out to her residence a week ago Sunday when she received a phone call from her sister, GINA GLOVER, who also lives in Page, Arizona. She told her that GREG had located some of her property from the burglary, and he made statements that he might be getting into some additional trouble and might have to fight somebody in Phoenix. GINA told her that if this happened, she would take care of ALEX for him and if GREG didn't show up by Thursday, she could come out to her house in Phoenix and pick up ALEX. She was also told by GINA that GREG had located some of her jewelry, pictures and dishes.

She said that GREG then called her and stated he was in Indio this last week and that he had some of her property and he was going to bring it back to her. At that time, she told GREG that he could only

stay for a few days telling him that she had a boyfriend and that she didn't want to go back with him. GREG told her that he just wanted to come out, return her property, and give ALEX to her so she could have custody of him. GREG had also mentioned that he had been having problems with his mother and dad while living with them in Tennessee and eventually "weirded out" and he did too. She mentioned that GREG's mother, at one time in January or February, 1987, had pointed a gun at her and pulled the trigger over a family argument. She said that she was lucky that there was no bullet in the chamber at the time that the trigger had been pulled.

SHAWNEE told me that GREG brought a lot of her property back to her and that he arrived in the evening of Wednesday or Thursday of last week. She anticipated that GREG would be coming out and asked LARRY to leave the first night that GREG was in town so there wouldn't be any hassles between the two men. She said that LARRY didn't want any problems and left.

The first night that GREG was at the residence, they unloaded some of the property out of the trailer which GREG had hauled to her property. She said that the following people helped unload things out of this trailer: herself, BELVEDERE, GREG and ALEX. That night, GREG sleep in the living room on the couch and ALEX slept with her in her bedroom.

The next morning, they continued to unload things out of the trailer and while doing this they had a conversation. At this time, GREG asked her if she loved LARRY or if she loved him. She told him that she loved LARRY. She told him that he had treated her cold and hard and that she didn't need to go through that again. SHAWNEE said that he appeared to be fine and told her that he was going to pack up his scooter and leave. She then told him "Fine, just go ahead and leave and don't face your problems." She then told him, "I'll make a deal with you. Let's go talk about this some more somewhere else." He suggested that they go to supper and later that evening, they went to an Italian restaurant at the Pick. She said that they ate and then they made an agreement between the two of them. The agreement was

that he treat her like a friend, telling him that she did not want a husband nor did she want to be a wife. She said that everything seemed okay and they went back to the trailer that night. Again, GREG slept out on the couch in the living room and she slept in her room. The next day, she said that GREG stayed and did chores around the house and later on that night, LARRY returned.

SHAWNEE told me that GREG and LARRY had a talk that night and that she did not hear what they had discussed. GREG had told her to stay in the house during this conversation and to mind her own business. GREG had stated that they wanted to have a man to man talk. After the conversation, they came back in. She said that LARRY then spent the night with her and prior to going to sleep, he told her that GREG was going to fight after you tooth and nail. LARRY had asked her if he should let her go back to GREG so she could have the kid (ALEX). She said that she told LARRY no, that she was going to try and work on GREG having him stay around in the area and find work so that she could keep the child. She told him that even if he moved several miles away, she could still go and see ALEX. She said the next two days appeared to be uneventful and that neither one appeared to be irritated at one another and that she and LARRY spent the next three nights at the residence, with her sleeping in the same room with LARRY.

I asked SHAWNEE if GREG ever had any spells where he would act in a violent manner and forget the things he had done. She advised me that he had some kind of condition which she referred to as "Isyglemia" (hypoglycemia), the opposite of sugar diabetes. She would say that he would get real mad and do something stupid, then fall on his knees and pass out. She told me that during the three-year relationship that this had happened approximately four times while they were married. I asked her if there was a possibility that he was going through a seizure when he came in and shot them and she said no. She said that he pulled out his gun as smooth as glass and said, "Life's a bitch and now you die."

INTERVIEW:

(SANDERS, SHAWNEE) (Continued)

I asked SHAWNEE if GREG had ever been hospitalized or treated for his condition, and she said that on one occasion he had gone through a seizure in Arizona and that LARRY had taken him to the hospital, but once he was revived or came out of it he wouldn't stay and be treated. She advised me that she knew of no one that had seen him or was treating him for his condition.

During my conversation with SHAWNEE, I asked her if she ever had any physical confrontations with GREG, and she told me that on two occasions GREG had mistreated her. She said that on one occasion, she told me that she had been drinking with some friends at a bar and GREG became upset with her because she would not go home. She said that he beat her about the face with his fists on this occasion. I asked her if she sustained any serious injuries and she said no, just bruises.

She told me that on another occasion, he became mad at her and drove her out in the desert in Page, Arizona, and dropped her off in the desert with her dog and ALEX's dog. She said that she then walked several hours out in the desert until someone picked her up. She indicated to me that they fought on a continual basis throughout their marriage.

This interview was terminated approximately 1800 hours. At the conclusion of this interview, SHAWNEE SANDERS was asked to sign an authorization to release medical information on forms provided by the High Desert Medical Center. At this time, she agreed to have the information released and she also agreed to having photographs taken of her injuries.

PHOTOS:

Five Polaroid photographs were taken of victim, SHAWNEE SANDERS, by the nursing supervisor, ANGIE PENNINGTON. Nursing Supervisor PENNINGTON also provided me with the medical records from the High Desert Medical Center.

CONTACT AND INTERVIEW WITH SUSPECT

SANDERS, GREGORY LYNN
WMA-36, DOB: 11/3/51
5'6", 150, blonde/hazel

On Monday, 2/1/88, at approximately 1352 hours, myself and Detective AUSTIN made contact with the subject identified as GREGORY SANDERS in the interview room at the Morongo Sheriff's Station. Prior to reading SANDERS his constitutional rights, reading from the Miranda Card, we asked SANDERS some background information relating to his children's names, ages and their locations, information regarding his ex-wives, and their locations, and his former employment.

At approximately 1400 hours, same date, suspect SANDERS was read his constitutional rights by Detective AUSTIN, reading from the Sheriff's Miranda Warning Card, rev. 1/83. Detective AUSTIN received the following responses to the waiver questions on the Miranda Card. To question #1, "Yes", to question #2, "Yes." In response to the question posed to SANDERS as to what happened, SANDERS became somewhat enraged, showing his anger, pounded on the table top and said, they wouldn't give me my duck back. When we asked him, who was they, he replied LARRY and SHAWNEE. We asked what duck, and SANDERS replied my rubber duck.

In attempting to ascertain the significance of the duck in the case, Detective AUSTIN was advised by SANDERS that the duck was everything to him and that everyone had been taking his property, his wife, his kids away from him and now they took his duck. SANDERS went on to advise us that sometime last year his mother had attempted to shoot SHAWNEE (Victim #2, SHAWNEE SANDERS), but that he had been arrested and not his mother. SANDERS went on to explain how victim #1, LARRY, came into contact with his wife (victim #2).

CONTACT AND INTERVIEW WITH SUSPECT SANDERS, GREGORY LYNN (continued)

He stated that while he and SHAWNEE were living in Page, Arizona, they had allowed another female by the name of "BLUE" to move in with them. SANDERS went on to state that once BLUE had moved in with SHAWNEE and him, BLUE invited a subject known to him as LARRY STEINBRING and another male subject also moved in. SANDERS stated that a week after LARRY and the other subject had moved into his residence, his wife (victim #2) threw him out. SANDERS stated that he moved back to Bone Cave, Tennessee with his parents and that SHAWNEE and LARRY came out to California.

SANDERS stated that SHAWNEE continued to have contact with him by calling and writing him letters. We asked GREGORY SANDERS when did he arrive in California, and why, at which time he replied that he had arrived in California approximately a week ago on a Monday or Tuesday, (1/25/88 or 1/26/88) and that he had arrived in California for the purposes of giving SHAWNEE some of her property back.

When we asked SANDERS to explain what happened, SANDERS stated I shot the man on the hill, he was hanging on a cross. When we asked why, he stated that the man was laughing at him. We attempted to ascertain what man was on the hill hanging on a cross, at which time he said "Jesus Christ." He stated that he shot the man, the man continued to laugh at him, so he started beating the man hanging on the cross with the gun, and that he threw it at him.

I then asked SANDERS if he could tell us what happened inside the house and SANDERS stated that "They wouldn't give me my duck back." I asked him if he had asked for the duck at which time he stated yes he had. He stated that he had asked both LARRY and SHAWNEE for his duck, but they were laughing at him. We asked him where were both victims at the time he was asking for his duck and he stated that they were in the bedroom.

CONTACT AND INTERVIEW WITH SUSPECT SANDERS, GREGORY LYNN (continued)

Detective AUSTIN then asked SANDERS what happened after that and SANDERS replied "I shot them." Detective AUSTIN attempted to clarify by asking, did you shoot both of them? SANDERS replied I shot SHAWNEE, she wouldn't give me my duck back. I asked SANDERS if he had shot LARRY also, and this time SANDERS responded by saying I don't remember. In further questioning SANDERS he advised us that he did remember going into the garage area of the residence and getting a gun from a bag that he had placed in there himself. He stated that the gun was his and that he had bought it to California with him. He stated that he had originally purchased the gun for SHAWNEE when they were living in Page, Arizona. He was asked about the location or the whereabouts of the gun at this time. He stated that he threw it at the man that was on the cross.

Further attempts to clarify SANDERS actions inside the residence during the time of the shooting were met with SANDERS denial of any knowledge of the shooting, stating that he did not remember anything after entering the residence, to the point where he exited the residence and heard voices calling him to the hilltop. In asking SANDERS if he knew the difference between right and wrong, he replied yes, and was able to give an example of what was wrong. Throughout the remainder of the interview, SANDERS repeated that he did not remember what had happened or why he had shot the two individuals in the residence. The preceding statements were tape recorded, the tapes are on file with the Sheriff's Homicide Detail.

POLYGRAPH EXAMINATION OF SUSPECT SANDERS:

Suspect SANDERS was given a polygraph examination by polygraph examiners DAVE WILLIAMS and MIKE STANSELL on the same date (2/1/88). See report by MIKE STANSELL.

During the pre-polygraph interview, GREGORY SANDERS continued to advise that he did not remember why he had shot the two subjects in the residence or anything after entering the residence. Some of the inconsistencies SANDERS had in his statement to myself and Detective AUSTIN and the statements he made to WILLIAMS and STANSELL were that, in the first interview he stated that he came in the front door (north side of the residence) and in the second interview with STANSELL and WILLIAMS, he advised them that he had come into the back door of the residence. (South side).

A second inconsistency with the two interviews in the first interview with AUSTIN and myself, SANDERS did remember going to the bedroom area where the shots were fired, and in the second interview he only remembers walking into the residence, no further.

It appeared that the more SANDERS was questioned about the specifics of the shooting, the less he remembered, therefore the interview was concluded.

POLYGRAPH DETAIL

DATE: February 1, 1988

ATTENTION: Det. AUSTIN

TO: Homicide Detail

FILE #: 88007009-09

FROM: Sheriff's Polygraph

SUBJECT: SANDERS, GREGORY LYNN

ON February 1, 1988 A POLYGRAPH EXAMINATION WAS GIVEN TO THE
ABOVE-NAMED SUBJECT: THE EXAMINER WAS MICHAEL A. STANSELL.

THE PURPOSE OF THE EXAMINATION WAS TO VERIFY GREGORY SANDERS STATEMENTS
IN REGARDS TO THIS CASE.

THE SUBJECT'S COOPERATION WAS GOOD.

At approximately 1520 hours myself and my partner DAVID WILLIAMS met
with GREGORY SANDERS at the Morongo Sheriff's Station interrogation
room for the purpose of this examination. The basic functions of the
instrument as well as the procedures were explained to Mr. SANDERS
which he appeared to understand. Prior to our meeting with Mr. SANDERS
in this room Detective AUSTIN advised us that he had informed Mr.
SANDERS of his constitutional rights as per Miranda and received an
intelligent waiver to those rights.

DATE: February 1, 1988
SUBJECT: SANDERS, GREGORY LYNN
POLYGRAPH EXAMINATION

At this point GREGORY SANDERS, my partner DAVID WILLIAMS and myself got into an in-depth discussion pertaining to his activity on the morning of February 1, 1988. GREG SANDERS said that he and his son got in the car and went into town to McDonald's and were on their way to the Welfare office when he blacked out.

He said that the last thing he remembered was being back at the house in the garage in Landers digging through a sack looking for his rubber duck. In this sack he pulled his 38 caliber revolver and took it out of the holster and went towards the house. As he approached the back door of the mobile home he stated that he forgot what had happened. The next thing he said he remembered was walking down the road looking back at the mobile home.

At this point he said that he somehow got up on top of this large hill that is close to the house where he was staying and that he was looking at a figure that looked like Christ and was laughing at him. He then fired the gun one time at the cross. After pulling the trigger several times and seeing that the gun was empty he took the gun and pistol whipped this imaginary being and threw the gun down on the ground. At this point the Sheriff's helicopter then circled down and landed on the hill and arrested SANDERS. SANDERS throughout the entire conversation denied or could not remember any of his actions while in the trailer.

At this point I formulated a polygraph series in an effort to verify this. Below listed will be those relevant questions asked coupled with GREGORY SANDERS' answers to those questions.

Question #1: Do you remember what happened once you got in the mobile home this morning?

Answer: No.

Question #2: Do you remember shooting LARRY and SHAWNEE today?

Answer: No.

Question #3: Do you remember shooting LARRY and SHAWNEE with the gun from the garage today?

Answer: No.

Question #4: Do you remember planning to shoot LARRY or SHAWNEE before you went in the trailer today?

Answer: No.

DATE: February 1, 1988
SUBJECT: SANDERS, GREGORY LYNN
POLYGRAPH EXAMINATION

Page 3

This series of questions was administered on three separate occasions and based upon a numerical chart analysis it is my opinion and the opinion of my partner DAVID WILLIAMS that the examinee has answered deceptively to all relevant questions asked.

At this point I turned the investigation over to Detective AUSTIN and Detective NASH.

Submitted for your information.

Respectfully,

MICHAEL A. STANSELL

BRIEFING:

I was briefed by Captain KNADLER, Sergeant KAISER, and Sergeant WHITE shortly after my arrival. I was told that GREG SANDERS entered the mobile home and went to the bedroom occupied by SHAWNEE SANDERS, his wife, and her boyfriend, LARRY STEINBRING, who lived with her. Shots were heard and Mrs. HOBBS observed her daughter, SHAWNEE, shot and LARRY shot by GREG SANDERS. GREG SANDERS was tracked by deputies

toward Goat Mountain to the north of the scene where another shot was heard by the deputies. GREG SANDERS was apprehended by Aviation personnel on Goat Mountain.

SECONDARY ASSIGNMENT:

I, along with Detective TESSELAAR, was assigned by Detective NASH to investigate the crime scene.

CRIME SCENE INVESTIGATION:Description of Property:

1919 Yucca Mesa is located at the northeast corner of Yucca Mesa and Cherry Blossom in Landers. The roads are unpaved and the area is rural. The house is a brown and white, Jefferson brand, mobile home facing northeast. There is a detached brown and white stucco garage south of the mobile home that faces Cherry Blossom. An unpainted wooden fence encloses a yard between the two structures. A chain link fence encloses a second yard southeast of the structures (see diagram). There is a gate in the wooden fence allowing access from the south yard on to the raised porch at the rear of the mobile home.

Vehicles at Scene:

There were five vehicles in addition to the Sheriff's units on the scene. One was a gray primer over green two-door Dodge Dart Swinger, bearing Arizona plates VYT026. This vehicle was parked at the northwest corner of the property adjacent to the front porch and was later identified as belonging to the suspect, GREG SANDERS. A black Harley Davidson motorcycle, bearing Arizona license 6GYZ, and a blue Harley Davidson motorcycle, bearing Arizona license ET7R, were parked along side the chain link fence of the south yard. An orange van, California license 2E4J710, and a flatbed truck bearing Arizona license 3DZ008, were parked adjacent to the garage door (see diagram).

EXTERIOR MEASUREMENTS:

The end of the mobile home facing Yucca Mesa measures about 23 feet, 11 inches in width. There are two telephone poles paralleling Yucca Mesa along its eastern edge. The north corner of the mobile home is about 208 feet, 3 inches south of pole bearing number 1697094E. The southwest corner of the mobile home is about 126 feet, 10 inches northeast of the pole bearing number 16970943E. This pole is located on the property at the corner of Yucca Mesa and Cherry Blossom. The rear corner of the Dodge Dart belonging to GREG SANDERS is about 12 feet, 9 inches from the north corner of the mobile home and 39 feet, 3 inches from the juncture of the mobile home where the front porch juts out.

There were two bullet exit holes visible in the right hand side of the end of the mobile home facing Yucca Mesa. The hole in the window was located about 6 feet, 2 1/2 inches above ground level and 4 feet, 7 3/4 inches from the closest corner of the mobile home (see diagram). This hole was about 1/2 inch in width and 3/4 of an inch in height with a concave crater in the glass indicating that the bullet came from the interior of the mobile home. The other bullet hole was located in the wall below and to the right of the hole in the window. It was about 3 feet, 9 1/2 inches above the ground and 2 feet, 8 1/2 inches from the closest corner of the mobile home. It was a jagged tear protruding outward in the siding and was about 1 1/2 inches in height by 1/2 inch in width.

Footprints:

During the briefing, I had been directed to sets of footprints along the driver's side of GREG SANDERS's car and matching prints along the edge of Yucca Mesa leading from the property toward Goat Mountain by Sergeant WHITE. At the time, it was believed that these were prints made by GREG SANDERS as he was on the property around the time of the shooting. The prints were of a vibram lug sole. The prints measured about 11 3/4 inches overall length, 4 inches wide at the sole and 3 1/2 inches in width at the heel. They were numbered and photographed. Number one is of a left shoe located adjacent to and parallel to the

left front tire of GREG SANDERS's car and is pointed toward the front of the car. Number two is a left footprint near the area of the left headlamp of the car leading away from the mobile home. Numbers three through seven are prints along side and parallel to the east edge of the roadway of Yucca Mesa just north of the property, with number three being closest to the property and number seven furthest away. The toe impression of number seven is about 109 feet, 10 inches south of telephone pole number 1697094E, and the heel of number three is about 11 feet, 3 inches further south. I was not aware that GREG SANDERS was apprehended wearing boots that could not have made tracks that I had documented until much later in the investigation.

INTERIOR MOBILE HOME:

The mobile home is a three bedroom, two bath model with an awning and porch off the dining room and washroom doors and an uncovered porch located off the living room or front door.

Southwest Bedroom:

The southwest bedroom is where the shooting took place. The room could be entered either off a hall that connects to the living room and northwest bedroom or through a connecting bathroom door. This bathroom can be entered off the washroom hall. The bedroom contains a double bed with the headboard against the northeast wall. The covers are off one side of the bed and are draped over the opposite edge, partially covering the male victim, LARRY STEINBRING. On a round metal table in the north corner between the bed and the closet I noticed two mugs, both containing coffee. An empty bowl and a spoon were located on the floor just in front of the same round table. On a rectangular end table in the west corner I saw two packs of cigarettes, matches and an ashtray. The body of LARRY STEINBRING was located between the southwest wall and the bed. The bed was at a slight angle, the foot of the bed being further away from the southwest wall and the head of the bed.

INTERIOR MOBILE HOME: (Continued)

Southwest Bedroom: (Cont'd.)

The victim, STEINBRING, was lying on his left side with his head toward the southeast wall and facing the southwest wall. The back of his head was under the corner of the foot of the bed. His right leg was straight and his left leg was bent at the knee. His left arm was underneath the body and angled toward the back. His right arm was bent upward at the elbow and the fingers of the right hand were curled. There was a blue blanket underneath the body and an orange afghan covering to part of the hip area. A third blanket was on the bed and draped over the back and rear of the victim's head.

STEINBRING was wearing a long-sleeved plaid shirt that was hiked up exposing his middle and lower back. He was wearing blue jeans and had a long black leather wallet in his right rear pants pocket connected to one of his belt loops by a white metal chain. He was also wearing black boots.

The room was cluttered, but there were no obvious signs of a struggle, such as overturned furniture.

Northwest Bedroom:

I was advised by the briefing officers that Mrs. SANDERS had gone from the southwest bedroom through the hall after being shot and ended up on the floor of the northwest bedroom. Just inside the room, I saw a small stain that appeared to be blood on the carpet. There was a purple blanket and a blood stained blue robe at the front of the desk against the northeast wall. There were no signs of struggle in this room either.

ROLLING OF THE BODY:

At about 1518 hours on 2-1-88, the body was rolled over by members of the Coroner's Office and Detective TESSELAAR in my presence. Almost the entire front of the victim's shirt was soaked in blood. There was

stiffening of the victim's arms and lividity in evidence in his face. After STEINBRING's body was removed, items were taken out from under the opposite side of the bed from where his body had been lying. They included a holstered Colt .357 magnum revolver, a one-pound coffee can, and a blue canvas cosmetics' type bag. The gun and holster were dusty. The can contained marijuana and marijuana smoking paraphernalia. The cosmetics bag contained toiletries, papers, and an Oregon and an Arizona license of the female victim. Among the papers was a type written note (see attached photocopy and Evidence Report for further details).

INTERIOR MEASUREMENTS:

The southwest bedroom is 10 feet in width by 13 feet in length. The doorways leading into the room are 6 feet, 10 inches in height by 2 feet, 4 inches in width.

Body Position:

The victim's head is 9 feet, 6 inches from the east corner of the room and 6 feet, 9 inches from the south corner. The midline of the right hip is 1 foot, 7 1/2 inches from the southwest wall and 7 feet, 8 inches from the northeast wall. The right knee is 8 feet, 10 inches from the west corner of the room.

The bed is 6 feet in length by 4 feet, 5 inches in width and is 2 feet, 6 inches away from the southwest wall at the head and 3 feet away at the foot of the bed. It is 2 feet, 3 1/4 inches away from the northeast wall at the head corner. It is 6 feet from the southeast wall at the foot of the bed.

CONTACT WITH HOSPITAL:

Nurse Supervisor A. PENNINGTON

At about 1730 hours, I telephoned the High Desert Medical Center at 366-3711. I made contact with ANGIE PENNINGTON, the nurse supervisor. She told me she didn't have the complete details but could tell me that SHAWNEE SANDERS was in stable condition. She believed there were two entry wounds but could not provide any details regarding them. She advised that SANDERS would be unable to submit to an interview this evening.

RECONTACT WITH PROPERTY OWNER, DE LORIES HOBBS, AND BOARDER, MERRILL KENWORTHY:

At about 1150 hours on 2-3-88, I recontacted Mrs. HOBBS and Mr. KENWORTHY at 1919 Yucca Mesa in Landers. They told me that MERRILL KENWORTHY had found GREG SANDERS's briefcase in the living room yesterday. KENWORTHY told me that he had overheard GREG SANDERS talking to SHAWNEE SANDERS and showing her papers from the briefcase some time back. He said that he had overheard GREG SANDERS tell the combination of the briefcase to SHAWNEE and that was how he was able to open it. He said he opened the briefcase and went through the paperwork. He found several legal documents and personal papers belonging to GREG SANDERS, as well as some diary-like notes apparently written by GREG SANDERS that he thought may give us some background on SANDERS. At the time of the contact, I was not aware that Detective TESSELAAR had previously obtained a written consent search from GREGORY SANDERS for any personal property of his located on the premises. I left the briefcase at the residence in anticipation of having to obtain a search warrant for it. When I met Detective TESSELAAR later that
